

Major Success: „BADEN OPEN" is fixed in the FIVB World Tour calendar

Young stars open the games with the Youth Olympic Qualification

Beachvolleyball Baden continues to develop making the leap into the FIVB World Tour calendar with the „BADEN OPEN presented by SPORT.LAND.NÖ" from 13 to 17 June 2018. "The negotiations were extensive and difficult, but we were able to make it with plenty of support," says Dominik Gschiegl, CEO of Vision05. Youth athletes will open the Baden Sand Beach Games from 8-10 June, which will culminate with the CEV Youth Beach Volleyball Continental Cup Final and the qualification for the 2018 Youth Olympic Games in Buenos Aires.

This further development guarantees that in addition to the ÖVV stars, led by the 2nd Place World Championship duo Clemens Doppler and Alex Horst, the entire beach elite will meet in Baden in mid-June. Baden has been a fixture for many players since 2004 and is naturally more attractive as a World Tour tournament. The experience from previous years will benefit Vision05 and will also be reflected on the starter field.

After the first double header last year, the Vision05 team managed once again to bring two mega-exciting and attractive tournaments to Baden. "Without the support of the association, the new ÖVV President DI Gernot Leitners and longtime President Peter Kleinmann, we would not have been able to make this jump so easily," said Gschiegl gratefully.

Thanks to former and new sponsors, we can look confidently into the future, says Gschiegl. In 2018, new sponsors HYPO NOE Landesbank and TUI will join the event`s main sponsor SPORT.LAND.Lower Austria "am Court" / "on the court" in Baden.
